3 Dependents-2.4million

If you are travelling with dependents you will need Bank statements during the visa processing, the required amount for bank statements depends on the number of dependents travelling

Note:

- The course you going for masters must be in line to what you studied in university during your undergraduate
- This program is for helping to seek scholarship into universities here in brazil , But if you are not given a scholarship we can apply for a private

school for you if you want which they will give you admission offer letter , private university tuition fee range from 2500 reais upward monthly

- You will be given monthly stipend of R\$2500 while studying here in Brazil
- You can't work while studying on scholarship because the monthly stipend is enough for you for a month
- You can come into Brazil with dependents or bring them in after getting here
- Schools are taught in English & Portuguese here;
- Admission entry depends on the University and depending on the school and course you go for.
- Scholarship admission process takes within 1-8 months depending on the school & course you putting in for
