

Initial Consultation Form

The purpose of this initial and free counselling session is to provide clear guidelines to the client(s) and Westerham Education and Migration Limited, especially what our service includes and what it does not.

The advice, response, and services provided by us are based on the limited information provided by the client at the first meeting and the most current information provided by the government of the country you are fit for.

At the inquiry stage, and for now, this advice may not constitute immigration advice, as it is based on the limited initial information you have shared. The client's cooperation and attentive response will be required to provide an effective service.

If, after this free inquiry session, we discover that you will need a full one-on-one consultation session with one of our professional counsellors, note that a fee of £50 (#30,000) will be charged to the client for this consultation session of 30 to 60 minutes, this will be subtracted from the service fee you'd pay. Future services will have a fee associated with them and will be charged as per any future signed agreements.

Note that the agreement form will also include what our service charge will cover and what it will not, especially as regards application fees to schools, visa fees, IHS fees, medical test fees, biometrics fees, and so on.

We anticipate that this thirty-minute to one-hour session will include a review of the client's current situation, information on a previous visa/school application, a review of documents provided by the client, and advice on the next steps.

Lastly, we do not represent clients in their applications as part of this initial consultation agreement/session. A complete service agreement is required to represent the client and/or file their application if we decide to accept your case.
